

**AMENDMENTS TO THE CLAIMS:**

The following listing of claims will replace all prior versions and listings of claims in the application. Please cancel claim 2 without prejudice or disclaimer, amend claim 1, and add new claim 26, as follows:

1. (Currently Amended) A cosmetic product comprising:
  - a foam core;
  - at least one recess formed in the foam core, the at least one recess for surrounding and containing a cosmetic composition;
  - a cosmetic composition contained in the recess of the foam core, the cosmetic composition comprising a cosmetic substance contained within a tray; and
  - a covering material covering at least a portion of the foam core and defining an exterior surface of the cosmetic product,
  - wherein the covering material comprises a material other than foam.

Claim 2 (Canceled).

3. (Original) The cosmetic product of claim 1, wherein the cosmetic composition includes a cosmetic substance deposited directly in the at least one recess.

4. (Previously Presented) A cosmetic product, comprising:
  - a base formed at least partially of foam;
  - a cover formed at least partially of foam;
  - a hinge connecting the base and the cover;
  - a covering material covering at least a portion of at least one of the base, the cover, and the hinge, the material defining an exterior surface of the cosmetic product;
  - at least one recess formed in the base, the recess for surrounding and containing a cosmetic composition; and
  - a cosmetic composition contained in the recess of the base.
5. (Previously Presented) The cosmetic product of claim 4, wherein the cosmetic composition comprises a cosmetic substance contained within a tray, such that edges of the at least one recess contact edges of the tray.
6. (Previously Presented) The cosmetic product of claim 4, wherein the cosmetic composition comprises a cosmetic substance deposited directly in the at least one recess.
7. (Original) The cosmetic product of claim 4, wherein the hinge is formed at least partially of foam.
8. (Previously Presented) The cosmetic product of claim 4, wherein the covering material is chosen from fabric, facsimile of fabric, animal skin, and imitation animal skin.

9. (Previously Presented) The cosmetic product of claim 4, wherein the covering material is Lycra.

10. (Original) The cosmetic product of claim 4, further comprising a mirror and a recess in the cover containing and surrounding edges of the mirror.

11. (Original) The cosmetic product of claim 4, further comprising a recess in the base for removably holding a cosmetic applicator.

12. (Original) The cosmetic product of claim 4, wherein the base and the cover each have a portion of a fastener located thereon, the fastener for selectively securing the cover to the base.

13. (Original) The cosmetic product of claim 4, further including a snap having a first portion and a second portion, the first portion being partially embedded within the cover, and the second portion being partially embedded within the base.

14. (Original) The cosmetic product of claim 4, wherein the hinge is integrally formed with the base and the cover.

15. (Previously Presented) The cosmetic product of claim 4, wherein the hinge is constructed of a foam core and is covered at least partially by the covering material.

16. (Previously Presented) A cosmetic product, comprising:
  - a base formed at least partially of foam;
  - a cover formed at least partially of foam;
  - a hinge connecting the base and the cover;
  - a material covering at least a portion of one of the base and the cover, the material being chosen from fabric, facsimile of fabric, animal skin, and imitation animal skin;
  - a plurality of recesses in at least one of the base and the cover;
  - a mirror located in a first of the plurality of recesses, wherein foam edges of the first recess surround and contain the mirror;
  - a cosmetic composition contained in a second of the plurality of recesses, wherein foam edges of the second recess surround and contain the cosmetic composition; and
  - a fastener for selectively securing the cover in a closed position.
17. (Previously Presented) The cosmetic product of claim 16, wherein the cosmetic composition includes a cosmetic substance for application to an external portion of a body and a tray for holding the cosmetic material, and wherein the edges of the second recess surround and contain the tray.
18. (Previously Presented) The cosmetic product of claim 16, wherein the covering material is Lycra.

19. (Previously Presented) The cosmetic product of claim 1, wherein the covering material is chosen from fabric, facsimile of fabric, animal skin, and imitation animal skin.

20. (Previously Presented) The cosmetic product of claim 1, wherein the covering material is Lycra.

21. (Previously Presented) The cosmetic product of claim 1, wherein the foam core comprises at least a portion of at least one of a base, a cover, and a hinge, the covering material covering at least a portion of at least one of the base, the cover, and the hinge.

22. (Previously Presented) The cosmetic product of claim 4, wherein the covering material covers at least a portion of the base and at least a portion of the cover.

23. (Previously Presented) The cosmetic product of claim 22, wherein the covering material comprises a single piece of unitary construction.

24. (Previously Presented) The cosmetic product of claim 23, wherein the covering material covers at least a portion of the hinge.

25. (Previously Presented) The cosmetic product of claim 24, wherein the covering material defines substantially all of the visible surface of the cosmetic product.

26. (New) A cosmetic product comprising:

a foam core;

at least one recess formed in the foam core, the at least one recess configured to surround and contain a cosmetic composition;

a cosmetic composition contained in the recess of the foam core;

a cover configured to cover the cosmetic composition;

a hinge connecting the cover and the foam core; and

a covering material covering at least a portion of the foam core and defining an exterior surface of the cosmetic product,

wherein the covering material comprises a material other than foam.
